Early Intervention (EI) in Massachusetts is a statewide, family-centered, developmental service. Thom Child & Family Services offers the earliest possible intervention and support for children birth to three year old who have developmental difficulties due to identified disabilities or whose development is at risk due to certain birth or environmental circumstances. Thom Early Intervention Programs are located across Massachusetts.

Thom Child & Family Services or your local Early Intervention Program will:

- Talk with you about referral.
- Conduct an initial evaluation to determine if a child is eligible for Early Intervention services.
- Talk with you about service choices and options available for children and families through Early Intervention.
- An Individualized Family Service Plan (IFSP) will be developed for eligible children which is based on the individual needs of each child and family. EI begins working with the child and family once the plan is completed, within 45 days of referral.
