

MESSAGE TO FAMILIES OF YOUNG CHILDREN WITH AUTISM

An Important Message to Massachusetts Families with Children under Age 9 Diagnosed with an Autism Spectrum Disorder - August 2010

The Autism Division of the Department of Developmental Services (DDS) started a model Program, called the Children's Autism Spectrum Disorders Home and Community Based Services Waiver Program in October 2007. This Waiver Program ends on September 30, 2010 and a new Renewal Autism Waiver Program replaces this program beginning on October 1, 2010. The Renewal Waiver Program will continue to provide one-to-one interventions to help children with autism who exhibit severe behavior, social and communication problems through a service called **Expanded Habilitation, Education** (Intensive In-Home Services and Supports, such as Applied Behavioral Analysis, Floor Time and Communication models). This service occurs in the child's home or other natural settings under the supervision of trained clinical staff. The waiver will also provide related support services such as community integration activities and respite.

The Renewal Waiver will continue to serve children up until their 9th birthday, with an autism spectrum disorder who meet the eligibility criteria for the Waiver Program. Shortly, the Autism Division will offer an opportunity to apply for the waiver through an open application period. The Autism Division staff anticipates that approximately 60 additional children may be eligible for the Program during the initial enrollment period that will last for approximately 12-18 months. After this period, the Department will do another open enrollment to ensure that this list stays current and allows newly diagnosed young children access to the Renewal Program.

A new element in the Renewal Program is the reserved capacity for children who are age 3 and transitioning out of Early Intervention. This means that the Autism Division reserves 10 statewide slots for children who are age 3. These children will still need to meet all relevant financial and clinical eligibility standards required for entry into the Program.

The Renewal Waiver allows children to receive Expanded Habilitation, Education, (Intensive In-Home Services and supports, such as ABA and Floor Time) for a total of 3 years. For children transitioning into the Renewal Waiver, the existing In-Home services and supports count toward the overall 3 year period. At the conclusion of the 3 years of the intensive In-Home services, a child may access ongoing Supplemental Services (respite and goods and services, etc.) that meet the child's needs and help with the transition out of the intensive Autism Waiver Program—until the child's 9th birthday.

All waiver services require that the child continues to meet the financial and clinical eligibility requirements for the Waiver Program.

In order to deliver these new services, under this Renewal Program the Autism Division will conduct an open application process to find eligible children across Massachusetts.

This message is to notify you about the eligibility requirements for the Renewal Waiver Program:

Eligibility: the following requirements are necessary for participation in this program:

1. The child must have a **confirmed diagnosis** of an Autism Spectrum Disorder, which includes Autistic Disorder, PDD-NOS, Rhetts's Syndrome, Childhood Disintegrative Disorder, and Asperger Syndrome subject to verification by the Department of Developmental Services.
2. The child has not yet reached his/her 9th birthday. Children birth through age 8 may participate.
3. The child is a resident of Massachusetts.
4. The child meets the level of care required for services in an Intermediate Care Facility for persons with Intellectual Disability (ICF/ID) as assessed by DEPARTMENT OF DEVELOPMENTAL SERVICES.
5. The family chooses to have the child receive services in the home and community.
6. The child must be able to be safely served in the community.
